Voting is a fundamental right, privilege, and duty. It is also a key means to make your voice heard. For people with disabilities, voting is particularly important to assure that our politicians and elected officials work to protect and advance the rights and interests of the disability community.

The law is evolving to change how people with disabilities can vote. Pennsylvania amended its election law in 2019 to make it easier to register to vote and to cast a ballot. This Fact Sheet will describe Pennsylvania’s rules for registration and voting.

Registering to Vote

You cannot vote in Pennsylvania unless you first register to vote. You can register to vote in Pennsylvania if:

- you will be a United States citizen for at least 30 days before the next election; and
- you will be a resident of Pennsylvania and your election district for at least 30 days before the next election; and
- you will be at least 18 years of age on the day of the next election.

You may register to vote in Pennsylvania regardless of whether you have a court-appointed guardian due to a disability or if you have a disability that impairs your cognitive functioning.

You may register to vote in Pennsylvania if you are a college student who attends college in Pennsylvania.

You may register to vote if you are in prison for reasons other than for conviction of a felony (for instance, if you are awaiting trial or are in prison for a misdemeanor conviction). Convicted felons may register to vote and cast their ballot once they have been released from prison, including people who are in halfway houses to complete their prison terms or people who are on probation or parole.
There are several ways you can register to vote in Pennsylvania:

- You can register online by completing the information at https://www.pavoterservices.pa.gov/Pages/VoterRegistrationApplication.aspx. To register online, you must have a Pennsylvania driver’s license or photo identification number.

- You can complete a voter registration form and submit it to your County Board of Elections by mail. You can get an English language copy of that form at https://www.pavoterservices.pa.gov/documents/VoterApplication_English.pdf or a Spanish language copy at https://www.votespa.com/Register-to-Vote/Documents/VRMA%20Spanish.pdf. The voter registration form should be available soon in Chinese and Vietnamese. You can use the last four digits of your Social Security number as identification when you register using this form if you do not have a Pennsylvania driver’s license or photo identification number.

- You can complete a voter registration form in person at your County Board of Elections office. You can find contact information for your County Board of Elections by calling 1-877-VOTESPA or visiting https://www.votespa.com/Resources/Pages/Contact-Your-Election-Officials.aspx.

- You can register to vote at any PennDOT photo or driver’s license office and at many state and local government services offices, including, for instance, County Assistance Offices, Area Agencies on Aging, County Mental Health and Intellectual Disability Offices, and Centers for Independent Living. For more information on those options visit https://www.votespa.com/Register-to-Vote/Pages/How-to-Register-to-Vote.aspx#online.
Once your voter registration application is submitted, your County Board of Elections will review and process it. If you do not receive a voter registration card within 14 days, contact your County Board of Elections. You can get contact information for your County Board of Election by calling 1-877-VOTESPA or by visiting https://www.votespa.com/Resources/Pages/Contact-Your-Election-Officials.aspx. You can also check online to see if your voter registration was successfully processed by visiting https://www.pavoterservices.pa.gov/Pages/VoterRegistrationStatus.aspx.

Because polling place assignments are based on where you live and Absentee Ballots and Mail-In Ballots are sent to your address, it is important that your registration reflects your current address. If you move to another place in Pennsylvania, you can use the same registration forms and processes discussed above to change your address.

The **deadline** for submitting a voter registration form is **15 days before Election Day**. This means that your voter registration form must be **received** by your County Board of Elections no later than midnight on the 15th day prior to Election Day.

**Voting in Person**

If you’re registered to vote, you can vote in person at your assigned polling place. Many Pennsylvania polling places are accessible to people who use wheelchairs or have other physical disabilities (or they deploy technology and equipment, such as temporary ramps, on Election Days for accessibility). But, unfortunately, some polling places remain inaccessible. To find out the location of your polling place and whether it is accessible, you can visit https://www.pavoterservices.pa.gov/Pages/VoterRegistrationStatus.aspx or contact your County Board of Elections. For contact information for your County Board of Election call 1-877-PAVOTES or visit https://www.votespa.com/Resources/Pages/Contact-Your-Election-Officials.aspx
You will need to present identification to vote at your polling place only if are a first-time voter or are voting for the first time at a new polling place. For more information on Voter ID requirements, review DRP’s publication on Voter I.D. Requirements and Election Day Issues.

If you need assistance to cast your ballot at your polling place due to visual or physical disabilities or difficulty with reading or writing, you can have someone assist you to vote. You can be assisted by anyone except the Judge of Elections, your union representative, or your employer. In order to receive assistance, you should note the need for assistance on your voter registration form (which will then be included with your information in the polling book). If you did not indicate a need for assistance on your registration form so it is not noted in the polling book, you may still receive assistance by completing a “Declaration of Need of Assistance” form at the polling place stating your name and address, the name and address of the person rendering assistance, and the reason for assistance.

For more information about issues relating to physical accessibility, communications access, and reasonable accommodations while voting in person, review DRP’s Fact Sheets on Voting by People with Disabilities – Ensuring Participation for All Citizens and Disability Voting Issues – Access, Assistance, and Accommodations.

Voting by Absentee Ballot and Mail-In Ballot

Using an Absentee Ballot or Mail-In Ballot, any eligible voter in Pennsylvania can now cast his or her ballot without voting in person at the local polling place. While the processes for these options are similar, eligibility for using them varies.

1. Eligibility for Voting by Absentee Ballot or Mail-In Ballot

A Pennsylvania voter is eligible to vote by Absentee Ballot if:

- she or he will be absent from the municipality on the date of the election due to business or job duties;

- she or he is a member of the military;

- she or he is observing a religious holiday;

- she or he is away from home at school, college, or university;

- she or he is institutionalized or incarcerated (unless you are incarcerated due to a felony conviction);

- she or he has an illness or physical disability that renders her or him unable to go to the polling place in person.
A Pennsylvania voter is eligible to vote by **Mail-In Ballot** unless she or he qualifies as an absentee voter. **A Pennsylvania voter who qualifies to vote by Absentee Ballot must vote using the Absentee Ballot process and cannot use the Mail-In Ballot process.** All other voters can use the Mail-In Ballot process and need not provide any reason or excuse for why they are not able or do not want to vote in person.

2. **Applying to Vote by Absentee Ballot or Mail-In Ballot**

Whether you are seeking to vote by Absentee Ballot or Mail-In Ballot, you must first submit an application. You can submit an application to vote by Absentee Ballot or Mail-In Ballot online, by mail, or in person.

- You can apply online to vote by absentee or Mail-In Ballot by visiting https://www.pavoterservices.pa.gov/OnlineAbsenteeApplication/#/OnlineAbsenteeBegin. You will need a valid Pennsylvania driver’s license or photo identification to apply online.

- You can apply to vote by Absentee Ballot or Mail-In Ballot by completing an application form and mailing it to your County Board of Elections.
  - The English language **Mail-In Ballot application** can be accessed at https://www.votespa.com/Register-to-Vote/Documents/PADOS_MailInApplication.pdf.
  

  - You can apply to vote by absentee or Mail-In Ballot in person at your County Board of Elections. For contact information for your County Board of Election call 1-877-PAVOTES or visit https://www.votespa.com/Resources/Pages/Contact-Your-Election-Officials.aspx.

If you are applying for an Absentee Ballot because illness or physical disability renders you unable to vote in person, you will be required to provide the nature of the illness or physical disability and your physician’s name, address, and phone number.

The **deadline** to submit an application for an Absentee Ballot or a mail-in ballot is **5:00 p.m. on the Tuesday prior to Election Day**. This means that your application must be **received** in the County Board of Elections office by that date and time. If something arises after this deadline that prevents you from voting in person, you will need to submit an application for an Emergency Absentee Ballot or Emergency Alternative Ballot as discussed on the next page.
3. Permanent Absentee Voter and Mail-In Voter Lists

If you are eligible to vote by Mail-In Ballot, the application form will ask whether you would like to submit an annual Mail-In Ballot request. If you check that box, you will receive Mail-In Ballots for the remaining elections during that year and you will be sent applications for Mail-In Ballots automatically in subsequent years. You will still need to submit the applications in subsequent years to be able to vote by Mail-In Ballot, but the application will be sent automatically by the first Monday in February and, once approved, you will receive Mail-In Ballots to vote in all elections during that year.

If you have an illness or physical disability that qualifies you to vote by Absentee Ballot and the illness or physical disability is permanent, then you may use the Absentee Ballot application form to request an annual Absentee Ballot. To qualify for an annual Absentee Ballot, you must submit a physician’s certification (which is on the application form). Once you are approved for an annual Absentee Ballot, you will receive ballots to vote for the remainder of the year and you will be sent applications to renew your request for Absentee Ballots in subsequent years by the first Monday in February. You do not need to submit a physician's certification after the initial application.

4. Casting Your Vote by Absentee Ballot or Mail-In Ballot

After you submit your application for an Absentee Ballot or Mail-In Ballot, the County Board of Elections will send you a ballot to vote (once the ballot has been finalized and printed). The deadline for submitting your completed Absentee Ballot or Mail-In Ballot to the County Board of Elections is 8:00 p.m. on Election Day. This means that the County Board of Elections must receive the completed ballot by that date and time.

If you deliver your application for an Absentee Ballot or Mail-In Ballot to your County Board of Elections in person during regular business hours, you can ask to receive the ballot while you are at the office. Upon receiving that request, the County Board of Elections must give you the requested ballot at that time (if the ballot has been finalized and printed) unless there is a bona fide objection to your application. Upon receipt of the ballot at the County Board of Elections office, you should be allowed to complete it at the office if you choose and staff must provide you with a place to privately mark the ballot. If you choose not to complete it at that time, you must assure that the County Board of Elections receives your completed ballot no later than 8:00 p.m. on Election Day.
Voting by Emergency Absentee Ballot

If after the deadline to submit an application for an Absentee Ballot you become ill or something comes up that requires you to be out of town on Election Day, you are eligible to vote by Emergency Absentee Ballot. You can get an application for an Emergency Absentee Ballot at https://www.votespa.com/Voting-in-PA/Documents/Emergency%20Absentee%20Application.pdf or by contacting your County Board of Elections. For contact information for your County Board of Election call 1-877-PAVOTES or visit https://www.votespa.com/Resources/Pages/Contact-Your-Election-Officials.aspx. The Emergency Absentee Ballot application must be notarized. The deadline to apply for Emergency Absentee Ballot is 5:00 p.m. on the Friday before Election Day. This means that the County Board of Elections must receive your application by that date and time.

If the emergency arises after between 5:00 p.m. on the Friday before Election Day and the close of polls at 8:00 p.m. on Election Day, you can file a request for an Emergency Absentee Ballot in the Court of Common Pleas. You will need to complete the following form https://www.votespa.com/Voting-in-PA/Documents/EmergencyAbsenteeApplication-After5onFriday.pdf. For more information about that process, you should contact your County Board of Elections.

If you are unable to appear in person to receive the Emergency Absentee Ballot, you can designate someone to act as your authorized representative to get the ballot, deliver it to you, and return it to the County Board of Elections. Contact your County Board of Elections to get the necessary designation forms. Multiple people eligible to vote by Emergency Absentee Ballot can designate the same person to serve as an authorized representative. So, for instance, a hospital staff person can act as the authorized representative to submit applications for Emergency Absentee Ballots for multiple patients who find themselves unable to go to the polls on Election Day and collect and return the completed Emergency Absentee Ballots for those patients.
Voting by Alternative Ballot or Emergency Alternative Ballot

The federal Voting Accessibility for the Elderly and Handicapped Act requires Pennsylvania to offer voters the opportunity to vote by Alternative Ballot if they are: (a) are age 65 or older and/or have a disability, and (b) are assigned to an inaccessible polling place. To determine if your polling place is inaccessible, visit https://www.pavoterservices.pa.gov/Pages/VoterRegistrationStatus.aspx or contact your County Board of Elections. For contact information for your County Board of Election call 1-877-PAVOTES or visit https://www.votespa.com/Resources/Pages/Contact-Your-Election-Officials.aspx.

NOTE: Because of the recent changes to Pennsylvania law, you may not need to vote by Alternative Ballot if you have a disability and are assigned to an inaccessible polling place. Before 2020, the Alternative Ballot process was the only means by which voters with disabilities could submit their votes up until the close of polls on Election Day because Absentee Ballots had to be submitted by the Friday before Election Day and Mail-In Ballots did not exist. Due to the changes in the law, voters with disabilities can now vote by Absentee Ballot or Mail-In Ballot (depending on which is applicable to them) and submit those ballots up until the close of polls on Election Day. Still, the Alternative Ballot remains available in Pennsylvania for older people and those with disabilities assigned to inaccessible polling places who want to use it.

You must submit your application for an Alternative Ballot by mail or in person at your County Board of Elections. You can get a copy of an application for an Alternative Ballot at https://www.votespa.com/Voting-in-PA/Documents/Alternative_Ballot_Application.pdf or by contacting your County Board of Elections.

The **deadline** to submit an application for an Alternative Ballot is **5:00 p.m. on the Tuesday before Election Day**. This means that the County Board of Elections must receive the application by that date and time. Once your application is approved, the County Board of Elections will send you an Alternative Ballot to complete. The **deadline** to submit your completed Alternative Ballot is **8:00 p.m. on Election Day**. This means that the County Board of Election must receive your completed ballot by that date and time.

In the event of emergency (for instance, where you did not realize that your polling place was inaccessible), you can submit an Emergency Application for Alternative Ballot at your County Board of Elections by 8:00 p.m. on Election Day. You can get an Emergency Application at https://www.votespa.com/Voting-in-PA/Documents/Emerg_Alternative_Ballot.pdf or by contacting your County Board of Elections. You can find contact information for your County Board of Elections at 1-877-PAVOTES or visit https://www.votespa.com/Resources/Pages/Contact-Your-Election-Officials.aspx. You may also authorize a representative to deliver an Emergency Alternative Ballot to you. Contact your County Board of Elections for more information.
